

## Explore endless creativity with Fundough !

Get set to unleash the inner artist in you and explore a world of endless possibilities with Fundough! With a range of mix and match tools at your fingertips, you can now roll, press and re-form your way to creating mesmerizing patterns and textures that will blow your mind. Let your imagination soar as you bring the adorable animals and birds from the activity sheets to life in the most colourful and creative way possible. Get ready to experience a world of fun, excitement, and endless creativity with Fundough!

### CONTENTS :

- |                                |       |   |        |
|--------------------------------|-------|---|--------|
| • Bird textured roller sleeve  | 1 no. | • Plain roller  | 1 no.  |
| • Fish textured roller sleeve  | 1 no. | • Scraper / Crinkler  | 1 no.  |
| • Tiger textured roller sleeve | 1 no. | • Activity sheet<br>(Ocean, Forest and Bird theme)          | 3 nos. |
| • Leopard hemispherical sleeve | 1 no. | • Fundough tubs<br>(Yellow, Red, Green and Blue - 75g each) | 4 nos. |
| • Turtle hemispherical sleeve  | 1 no. |   |        |
| • Stamp handle                 | 1 no. |   |        |

### GETTING STARTED :

1. First select an activity sheet to work on. (Fig.1)
2. Select the dough colours to work with.

Fig.1

### USING TEXTURED ROLLERS :

1. Use the plain roller provided to flatten the dough on the white space outlined in the activity sheet. (Fig.2)
2. Choose a textured sleeve according to your activity sheet. (For example: Feather textured sleeve to be used for the bird activity sheet.) (Fig.3)
3. Now, take the chosen textured sleeve and slide it into the plain roller, to use it as a textured rolling pin. (Fig.4)

Fig.2

Fig.3

Fig.4

- Now, roll the textured roller on your flattened dough to imprint the texture. (Fig.5)
- Use the scraper / crinkler to cut out the excess dough if any, that has gone outside the given outlines on the white space. (Fig.6)

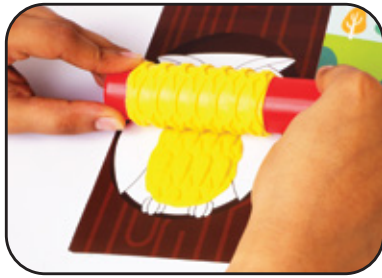

Fig.5

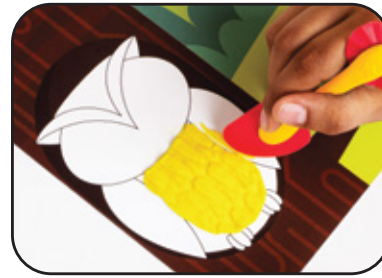

Fig.6

#### USING THE STAMP TOOL :

- Choose a texture according to your activity sheet. (For example: Turtle textured sleeve for the ocean activity sheet.)
- Attach the textured hemispherical sleeve on to the stamp tool. (Fig.7)
- Use the plain roller provided to flatten the dough on the white space outlined in the activity sheet. (Fig. 2)
- Stamp the textures on the flattened dough. (Fig.8)
- Use the scraper / crinkler to cut out the excess dough if any that has gone outside the given outlines. (Fig.9)

Fig.7

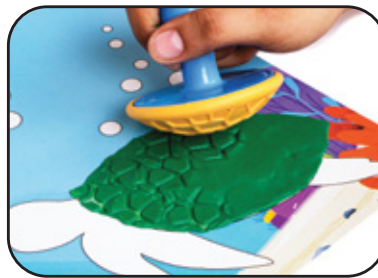

Fig.8

Fig.9

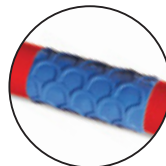

You can now create upto six animals using the below recommended patterns according to the themed activity sheets.

#### Forest theme

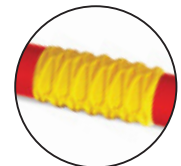

Zebra - textured sleeve with roller

#### Ocean theme

Fish - textured sleeve with roller

#### Bird theme

Bird Feather - textured sleeve with roller

Leopard - textured sleeve with stamp

Tortoise - textured sleeve with stamp

Now, you are all set to explore patterns and learn textures!
