Object of the Game:

Choose a description from the set of Caption Cards in your hand that you think best describes the Judge's Selfie each round. If the Judge picks your card as favourite, you score a point. First player to score five points wins!

Game Play

- Each player draws 7 cards.
- The player who most recently shared a Selfie online gets to be the first Judge.
- The Judge selects a Caption Card from his/her hand and takes a selfie of the expression as described on the card using a mobile device (not included) or by posing with the Selfie frame. If using a mobile device be sure to pass the device around the table so that everyone gets a chance to see it, and if using the frame be sure that everyone sees your pose.
- All players then select a Caption Card from their hand that they think best fits the Judges' selfie and passes it to the Judge.
- After the Judge receives all players Caption Cards he/she mixes them all up, reads them all aloud and selects a winning card.
- The Judge chooses which Caption Card he/she likes best and awards

that player a point. The Judge can give that player their winning card back to track points.

- Place all other used cards into a discard pile.
- After each round all players draw a new Caption Card (players start the new round with 7 cards) and play proceeds clockwise, with the next player acting as the Judge for the next round.
- If the Caption Card deck runs out, shuffle up the discards to form a new deck.
- First player to score five points wins.

Game Play Option:

Instead of shooting a Selfie, have the Judge capture a quick 5-second video to act out what his or her Caption Card is describing.
