Let the Fundough party begin!

HERE'S HOW YOUR CUTTERS AND MOULDS WORK:

- Evenly spread out some Fundough on a flat surface (Fig. 1).
- Choose any cutter/mould and press it into the dough (Fig. 2).
- Remove excess dough from around the cutter and lift out the cutter (Fig. 3). Use the Fundough knife to fine tune the shape.
- Voila! Now you have made the design of your choice!

USING THE CRINKLER:

- Flatten out some Fundough on a smooth surface (Fig. 4).
- Roll either end of the Crinkler over the dough to make the design (See Fig. 5).
- Both ends of the Crinkler have a different design. Use the ends to create different patterns on your dough. You can also use both ends along the same line or side-by-side to create new and interesting patterns.
