A Step by Step guide – To create and serve some exciting Fundough Breakfast meals

Step 1: Create Food Items

1. **Pick a Combo:** Select a food combo (from the 5 combos above) and start creating each food item in the combo with dough.
2. **Shape Dough:** Roll dough into a small ball and place it on the desired food impression plate – bottom. (Fig 1)
3. **Press to Shape:** Gently & Slowly close Food impression plate – top on the dough and press firmly to get the proper food shape.(Fig 2)
4. **Trim & Serve:** Use one of the plastic knives to trim the excess dough around the food shapes then gently remove the formed food using a small ball of dough.(Fig 3 & 4). Your food item is now ready to serve. (Fig 5).
5. **Finish the Combo Creations:** Repeat these steps for all the other food items in the same combo.

*Colour and content of the product may vary from the illustration.

Step 2: Make Add-Ons

1. **Extruding Cream:** Insert the extruder strip into the slot of the syringe extruder, positioning the relevant hole shape. Fill the extruder body with dough and insert the plunger into the extruder. Use the extruded dough to add creamy toppings to cupcakes, croissants, or smoothies (Fig 6).
2. **Make Small Vegetables:**
 - (a) Lift the transparent lid on the top cover.
 - (b) Roll a small dough ball, place it on any one of the vegetable cavity on the top cover, and press firmly (Fig 7).
 - (b) Use the knife to remove any extra dough (Fig 8).
 - (c) Use a ball of dough to gently lift the small vegetable(s) from the top cover (Fig 9 & 10).
4. **Making Smoothie:** Insert a ball of dough into the tumbler to fill it and press on top to make the smoothie. Use the extruder to add cream and / or place toppings for more fun (Fig 11).
